

September 2021

Have you heard of High School High Tech?

High School High Tech (HSHT) is a group that tours the local area, highlighting the opportunities that are available in our community. We host guest speakers who help you learn how to develop those soft skills necessary for having successful college and career experiences. The group connects students with people and opportunities in our community to encourage learning about opportunities and strategies that can help students be successful in education and employment areas.

Vocational Rehabilitation helps people in our area find resources to help with post-graduation plans: college, technical school, employment. By giving your information to GVRA (Georgia Vocational Rehabilitation Agency), they can help you find and navigate through the many opportunities that may be available to you.

Our first field trip is going to be to the College of Coastal Georgia (right across the street!) on Friday, October 15, 2021. We will leave the school at approximately 8:30 am and return to BHS at approximately 10:30 am. There is no cost for this field trip.

What do you need to do?

If you are interested...

Fill out the Vocational Rehabilitation Form
 Glynn County Field Trip Permission Form
 SSA Form (for the teachers in your classes)
 Special Permission Press Release

****Make sure all forms are filled out completely****

Return them to Michelle Pitchford (Room 1528) or front office.
