

## Math Flag

**1 pt.**

For this project, you will design a flag for Algebra 1. The topic can be overall Algebra 1 or a subtopic in Algebra 1. The flag must be of your creation and again, must relate to this Algebra 1 course!

The flag must be given a name....Not “My Math Flag”. The name must relate to the topic of the flag. The topic must be clearly represented by the math provided on your flag. Your flag must incorporate two or more colors and must be the size of a sheet of paper or larger.

Sometimes it is easier to embrace one topic and create visual representations than to represent many topics. The flag must have cohesive content.

*\*\*\*The flag must be of your own creation. I should not be able to find it on Google. If you plagiarize, you will receive a zero and will not have the opportunity to redo the assignment. If saved on the computer, saved in Mrs. Paul's Homework Folder*

GRADING RUBRIC	Possible	Points
	<u>Points</u>	<u>Earned</u>
Flag name	2	
Flag Topic	4	
Mathematical Representations	10	
Display (look of flag)	4	
Total	20
