

Probe Fair
 Thursday, November 21, 2024
 Brunswick High School Cafeteria

Teachers,

We are excited to host the 2024 Probe Fair at BHS on Thursday, November 21st. The Probe Fair connects students with colleges and universities. Teachers, don't forget to **WEAR YOUR COLLEGE GEAR!!** 😊

Over 50 colleges and universities will be present. Please encourage students to register for the Probe Fair by visiting <https://www.gaprobe.org/student-fair-registration/>. By registering, students will receive a QR code for the schools to scan to receive their personal information at the Probe Fair – expediting the process.

PLEASE READ THIS - Teachers parking in the main parking lot in the front of the building: if we could all shift over to the far right side of the parking lot on Thursday (closest to the student parking lot) that will allow college reps to park as close to the school as possible, giving them the easiest path into the building with ALL their supplies. The college reps are not allowed to park anywhere else on campus; they must park in the faculty parking lot. The front of the school is where they will be parking. **Please shift to the far right (closest to the student parking lot) of the parking lot on Thursday, November 21.** See below for more details about the Probe Fair.

Scheduled times for you and your students to attend the Probe Fair:
